

Year 7 Catch-Up Premium Action Plan 2018-19

The action plan for this academic year will focus on providing extra support for students in Year 7 who did not achieve a score of 100 in reading and/or mathematics. The funding will be used for:

- Screening using CAT4 data and WRAT4.
- 1:1 numeracy intervention programme 'Numicon', to support students who are failing to grasp the basic concepts in mathematics.
- Small group literacy intervention programme using Literacy Planet.
- 1:1 literacy intervention programmes, 'Every One Can Read', 'Active Literacy Kit' and 'Blue and Green Reading Box' to support students to increase comprehension and reading ages.
- Teaching assistants to listen to students read during Accelerated Reader sessions.
- Students to be identified to class teachers so needs can be targeted through QFT.

The impact of these interventions will be tracked through progress reports and data meetings.
