

SP/tb – February 2022

Dear Parent/Carer

Re: Year 9 Subject Choices Process

I am writing to update you on our plans for students in Year 9 to make their choices about the subjects they will study at Key Stage 4.

The first part of the process will be to hold a Subject Choices Evening on Tuesday 15th February. During this evening, there will be a presentation explaining the process of selecting subjects, as well as an opportunity for students to speak with teachers from a range of subjects to get further information about courses. Students will also receive an information book about the subjects on offer to help inform their choices.

The evening will run from 16:30 – 19:30, with presentations taking place in the main school hall at 17:30, 18:30 and 19:00.

Following this, we are looking to hold a subject taster day in school on Wednesday 9th March. This will be a chance for students to sample lessons in subjects they are considering choosing and ask further questions.

Throughout the process, students will be given support in school from their Tutors, Head of Year and other key staff, to ensure that students make an informed choice.

The deadline for subject choices will be Friday 18th March. We will subsequently confirm student's subject choices during the summer term.

Yours faithfully
The Long Eaton School

S Patrick
