Dear Parent/Carer,

Re: Arrangements for Y11 Leavers

As we begin the examinations, I wanted to confirm the arrangements for the final week of year 11, including Y11 Leavers Assembly. As stated in previous correspondence our intention is to support students in school for as long as we are able. However, by Wednesday 14th June with only a few exams left we will need to introduce some more bespoke arrangements. These will be as follows:

Wednesday 14th June

Students will attend school as normal, attending a Maths Warm-Up from 8.20am and sitting their Maths exam. This will be followed by a Physics revision session led by the Science department. Students will be allowed to leave site at 12.20.

For those students who have a Music exam in the afternoon students will attend a Music revision session. Both Polish and Music students will have an early lunch. Music students will then sit their exam starting at 1pm.

Thursday 15th June

Students are invited to school at the normal start time to attend a Physics revision session led by the science department from 9am-11am. With many students only having a Physics exam left to sit on Friday, students will be allowed to study from home during the afternoon.

If any students wish to study in school, they are welcome to stay on site in the supervised revision rooms.

Friday 16th June

Students should be on site at 8.20am for their Physics warm up and Physics exam. Most students will be allowed to leave site at the end of the exam.

Geography students will have a revision session led by the Geography department. Students will have an early lunch before sitting their exam at 1pm.

Monday 19th June and Tuesday 20th June

For those students who have an exam in the morning they should be on site for their exam warm up at 8.20am. Students will be dismissed from site following their exam.

For students who have an afternoon exam, students must be on site by 12.45 and should sign in via main reception before reporting to the Head of Year.

Wednesday 21st June

Students are invited to join us for their Leavers' Assembly. Students should arrive at normal time and register with their tutors. Students will have an opportunity to sign shirts and take part in the Leavers' Assembly. Students will be dismissed from site following the Leaver's Assembly at around 11am. Please note that this is a different date to the one discussed at the Parents' Information Evening. We know some parents' were concerned about the timing of the Leaver's Assembly for those students taking their Geography Exam in the afternoon. In light of this we have moved the date to accommodate these concerns.

Students should be in full uniform for all exams and for the Leavers Assembly.

I would like to take this opportunity to wish our students the very best in their exams and I look forward to celebrating and sharing memories with them on the 21st June.

Yours Faithfully
The Long Eaton School
